

What did I do in math today? And what did I learn?

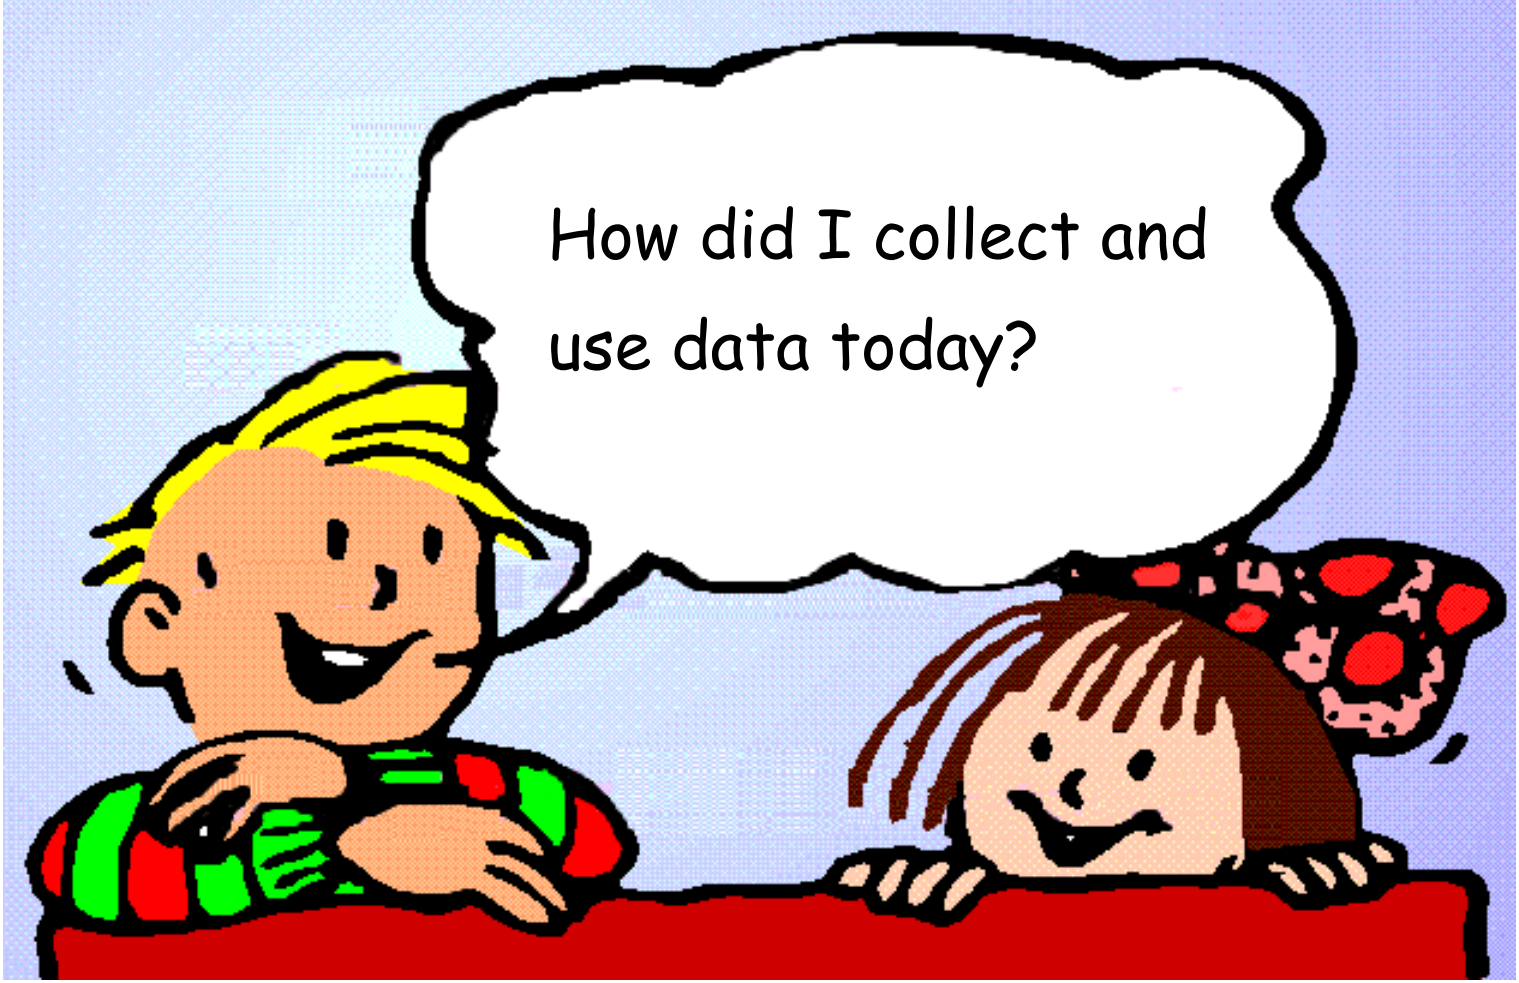

What didn't I like doing in math today? Why?

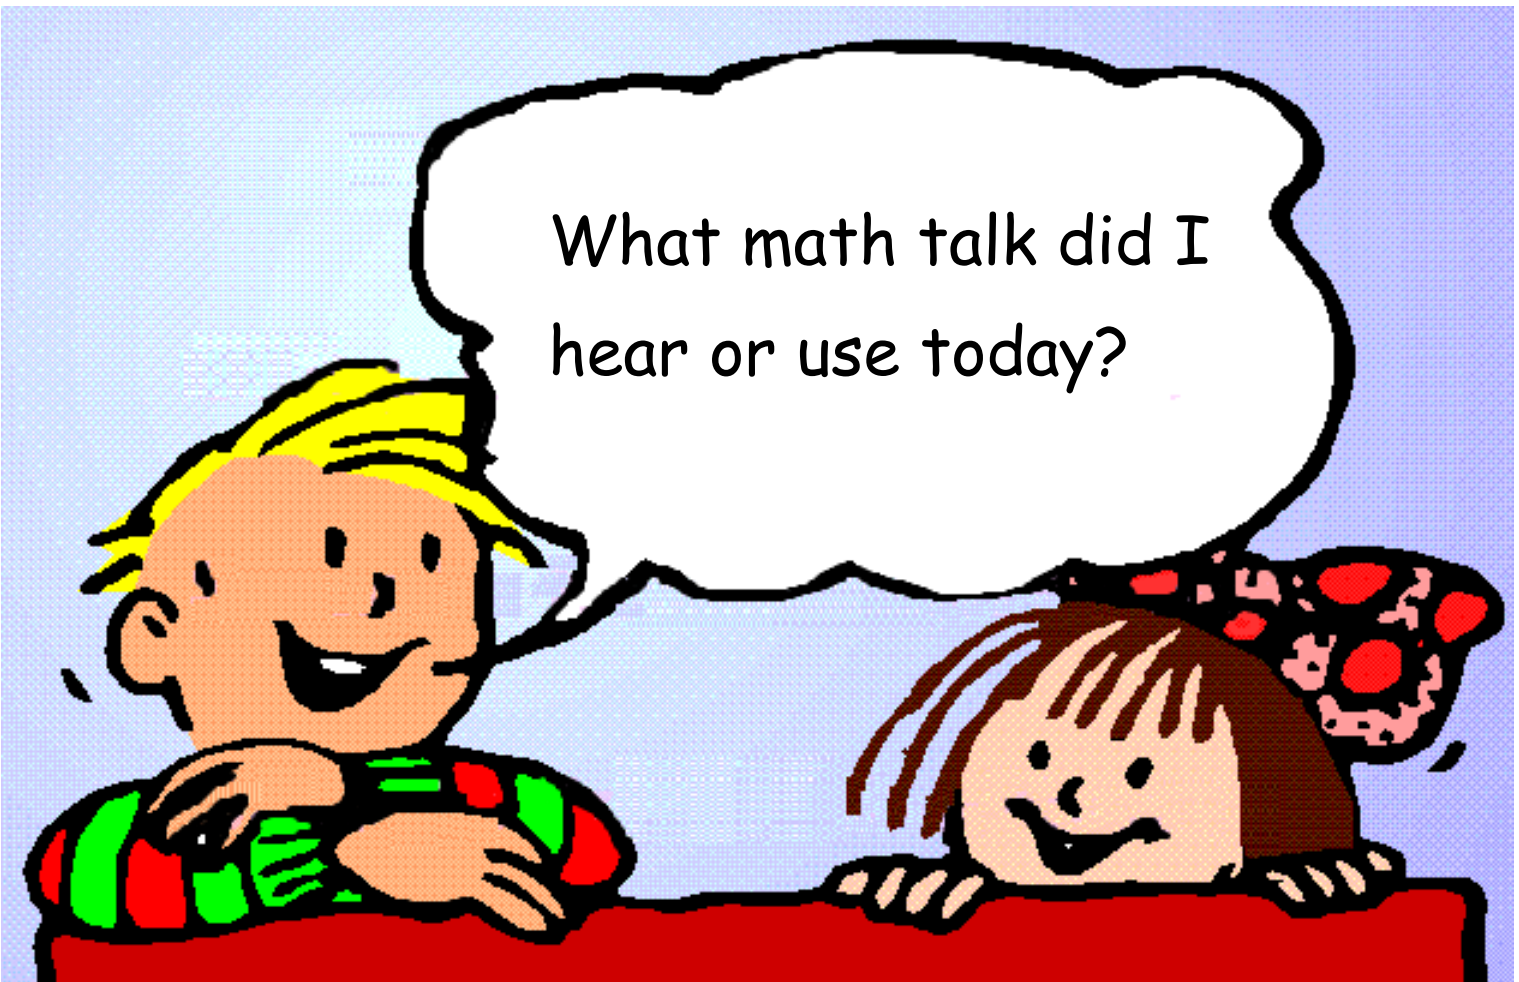

How did I help  
someone else solve a  
problem today?

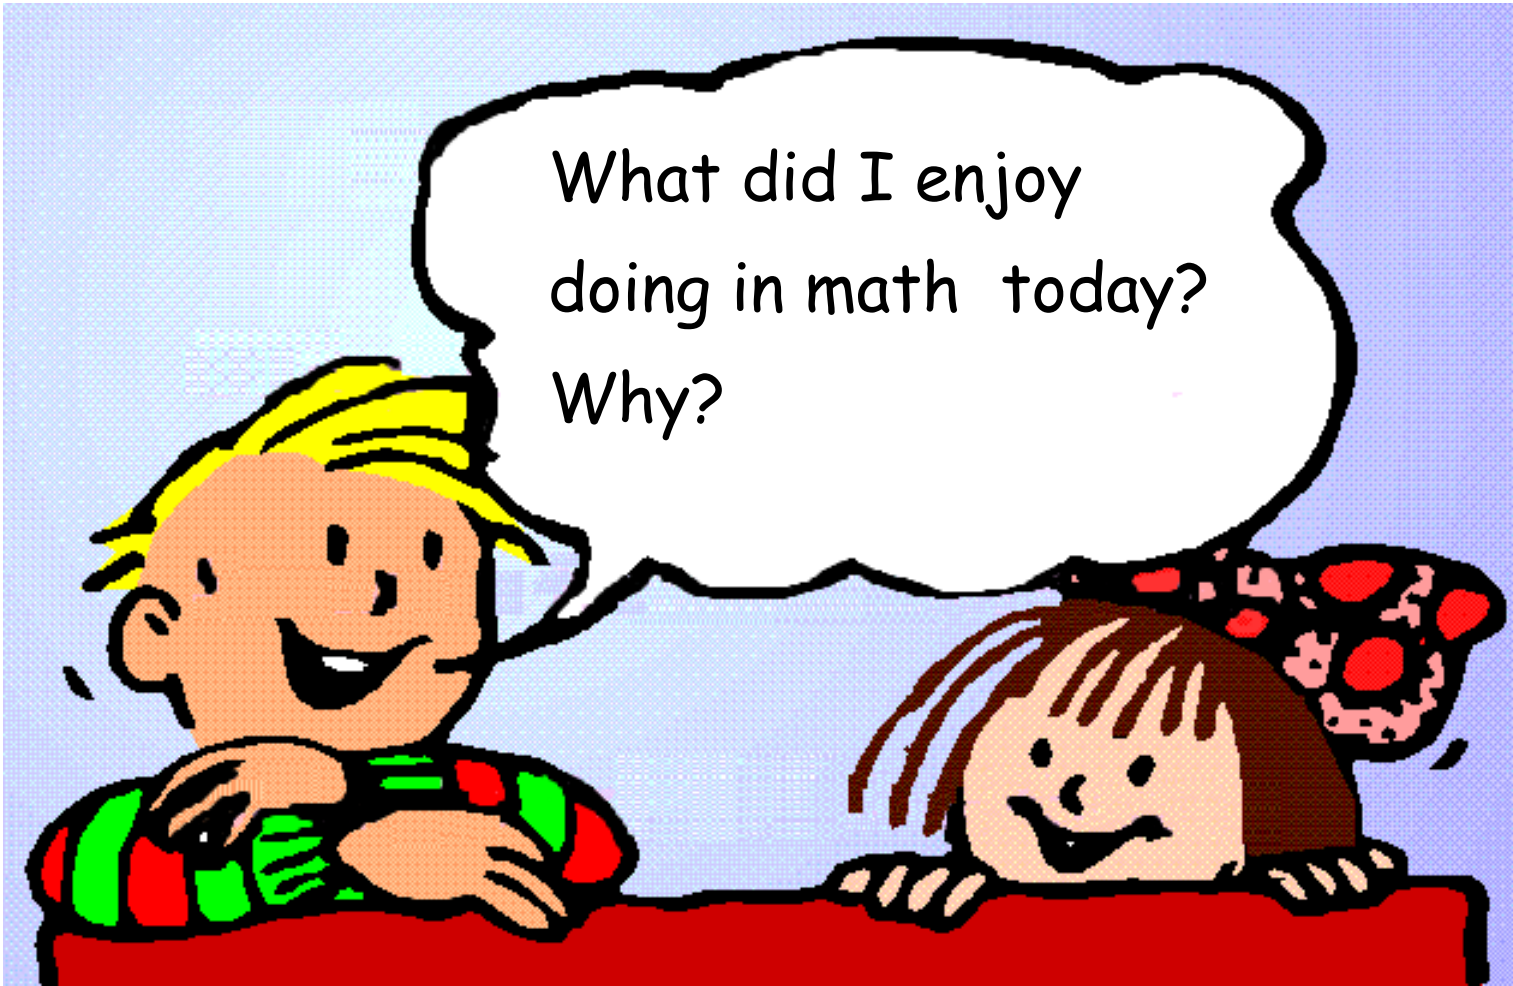

What else would I  
like to do in math?

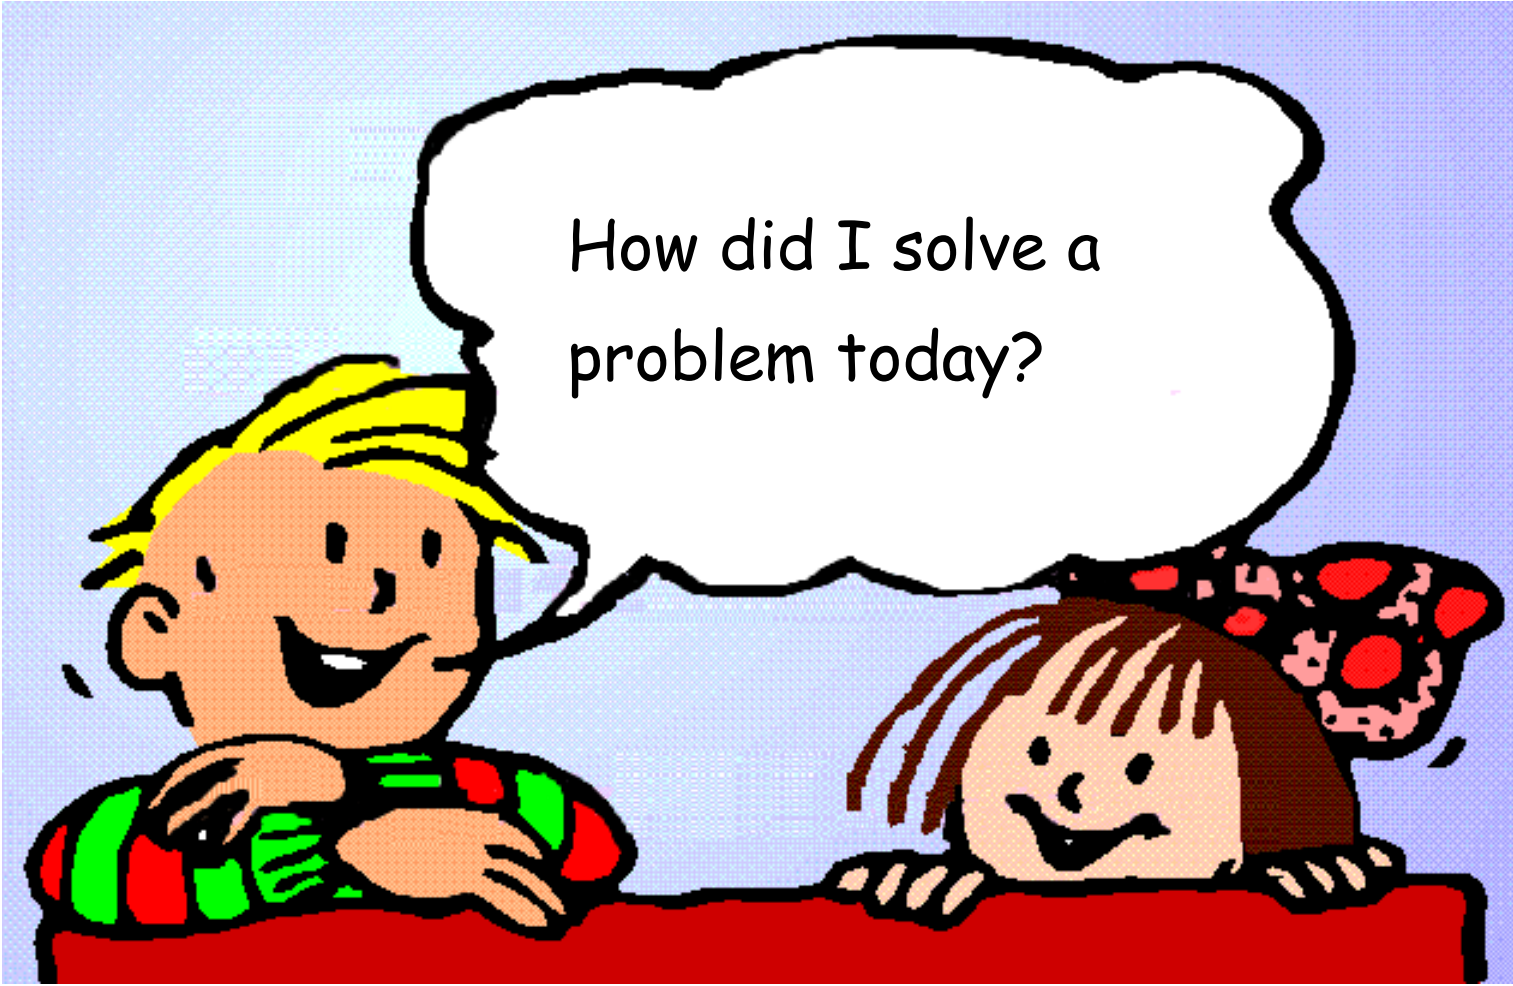

How did I collect and use data today?

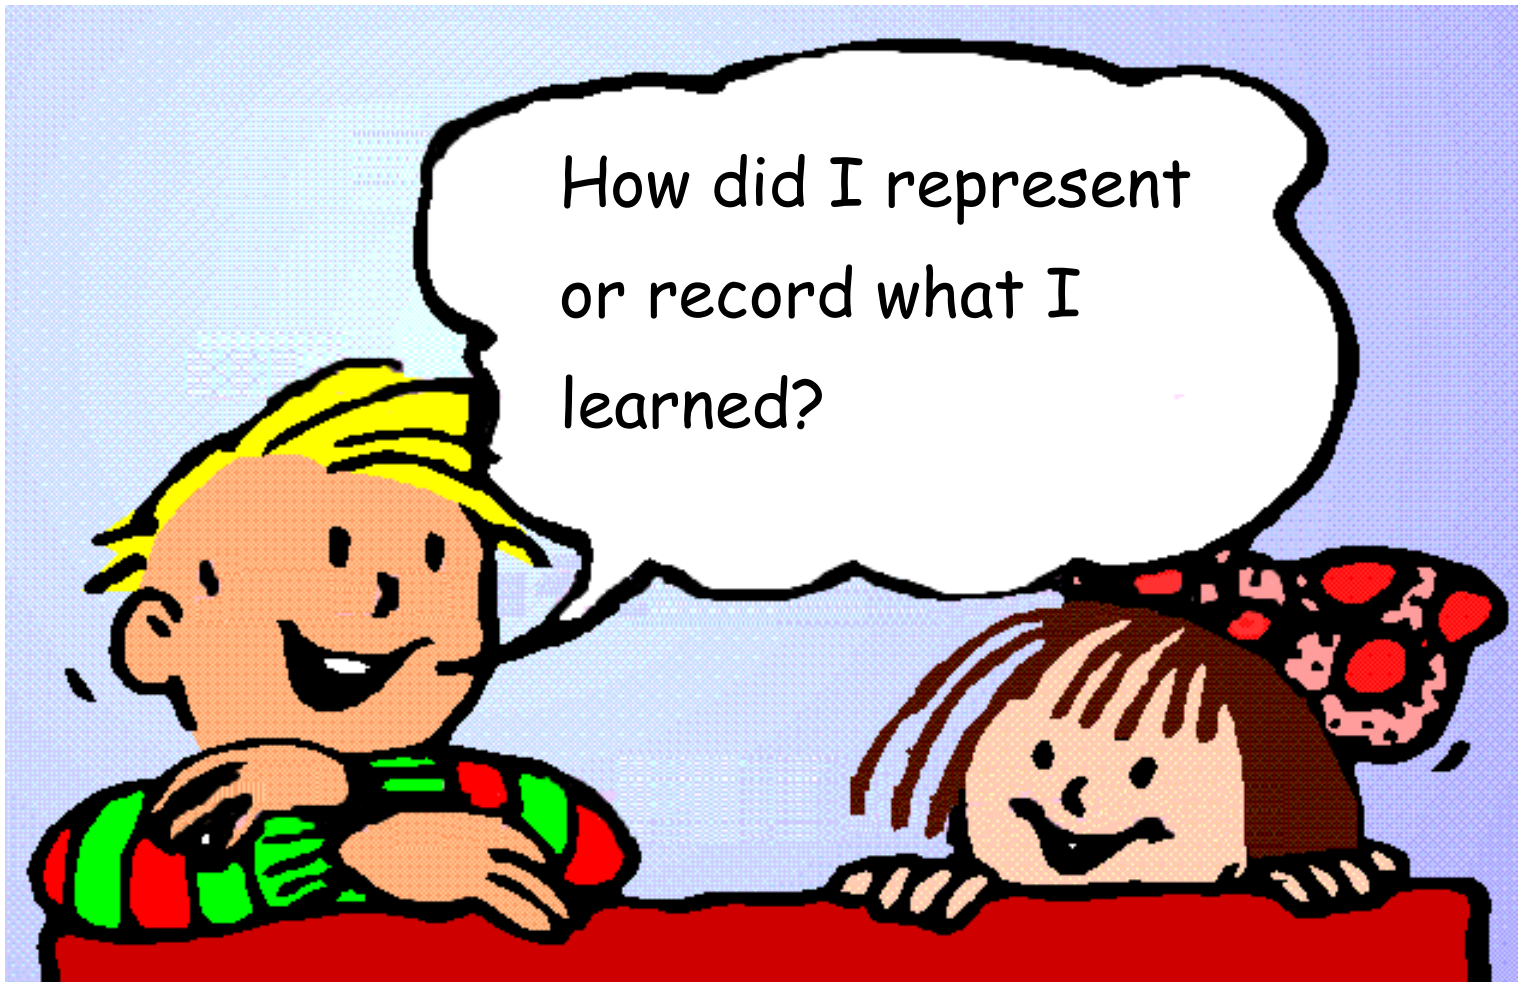

What math talk did I hear or use today?

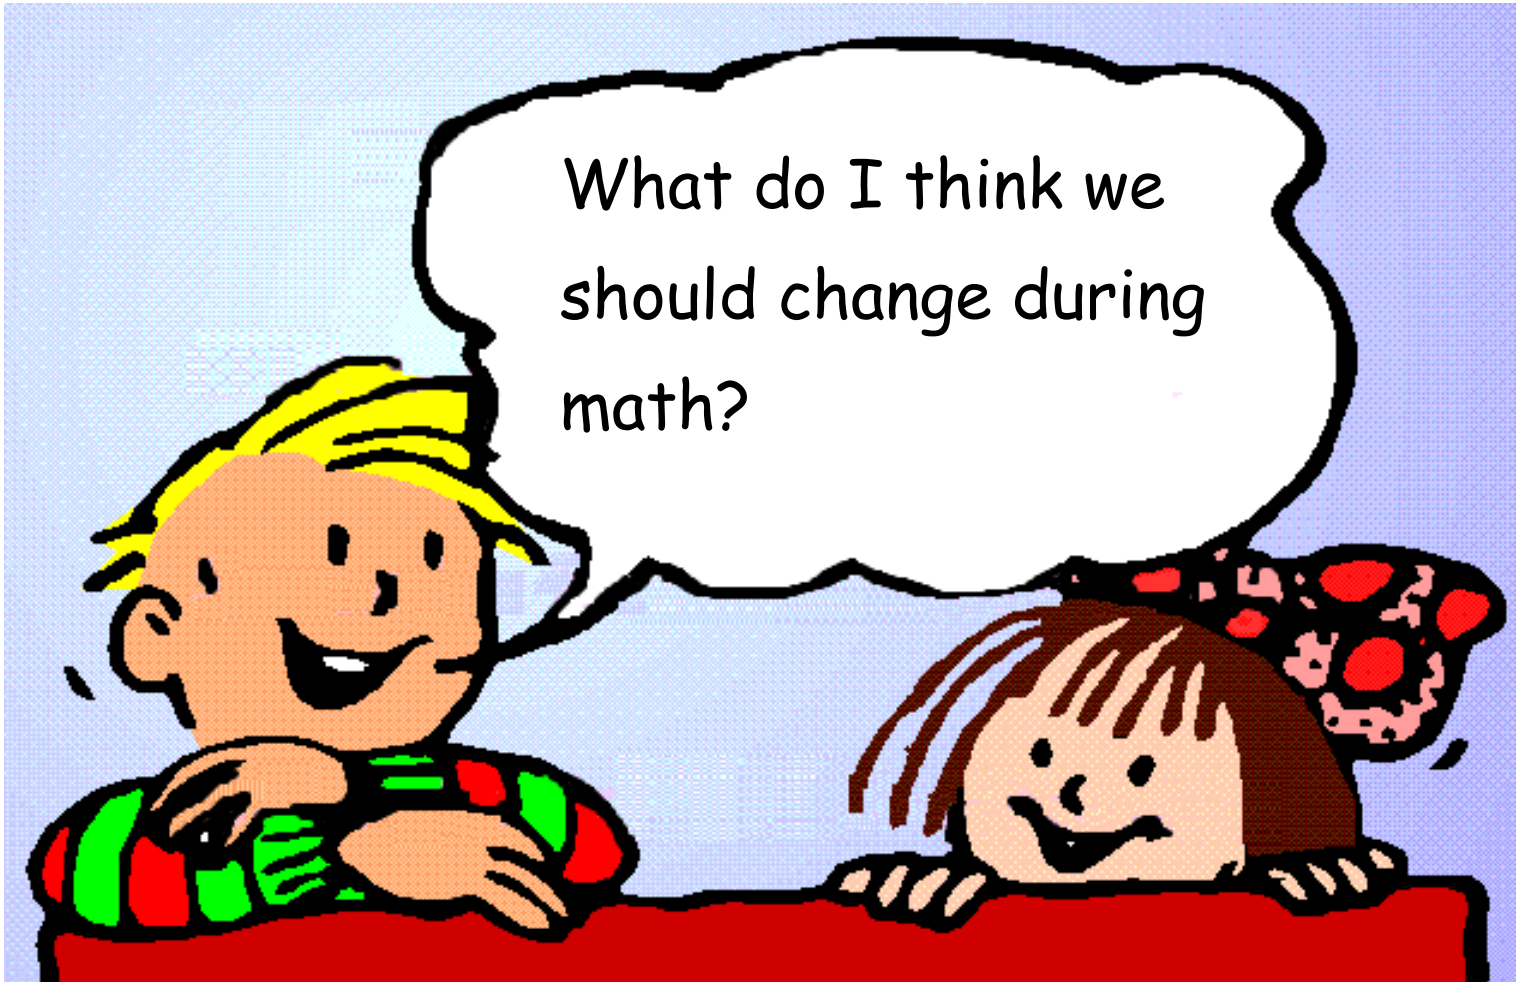

What did I enjoy  
doing in math today?  
Why?

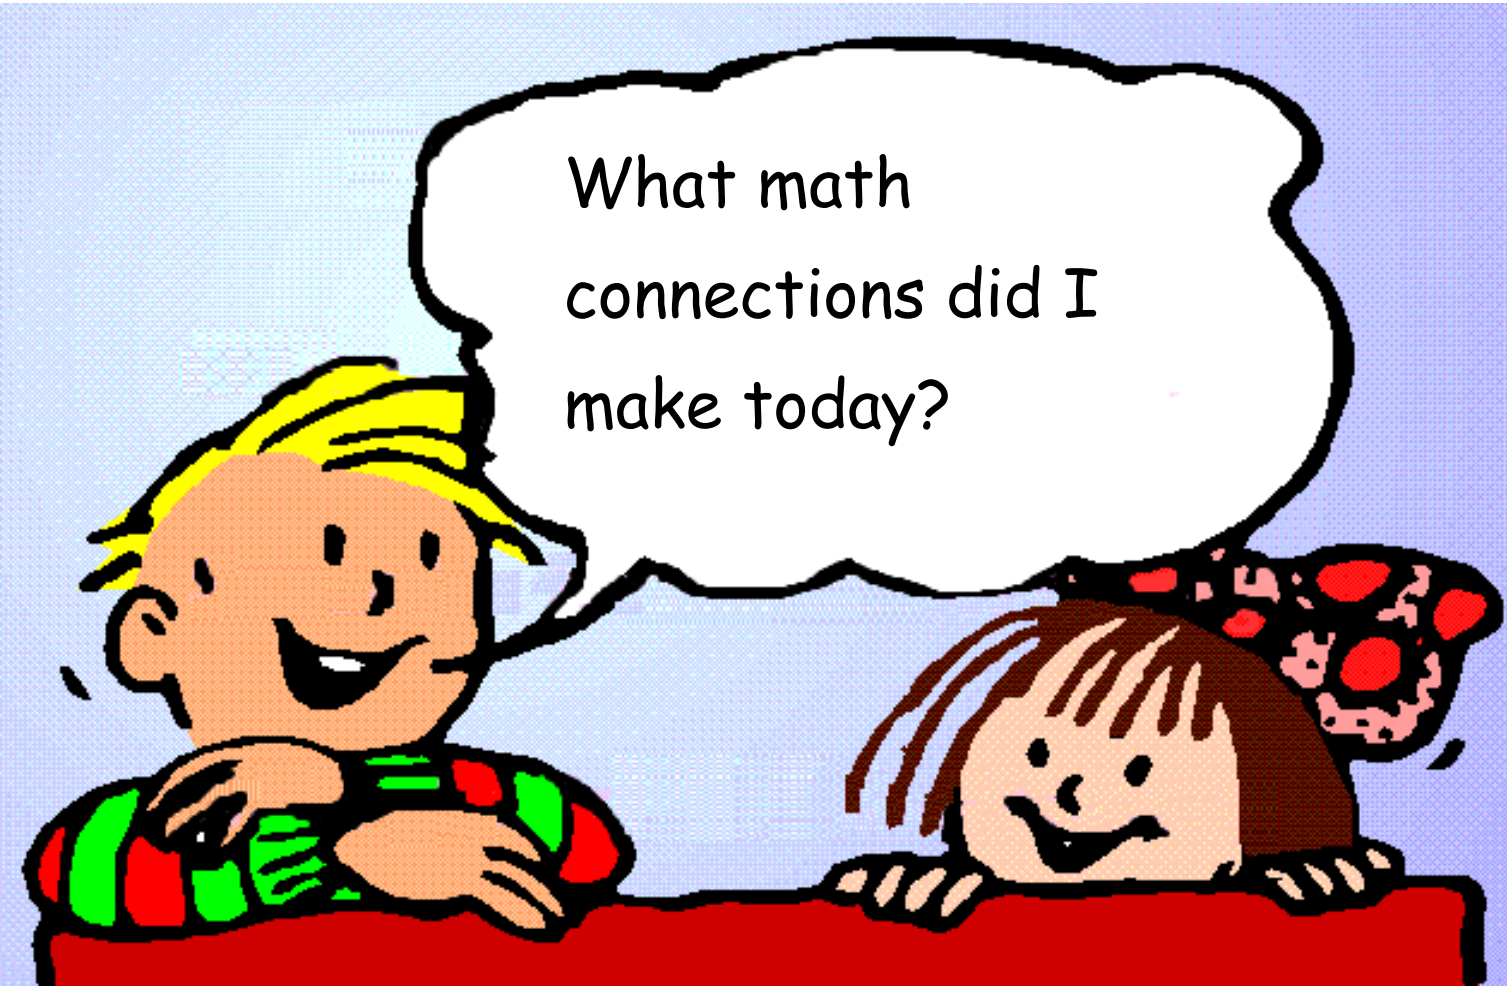

How did I solve a  
problem today?

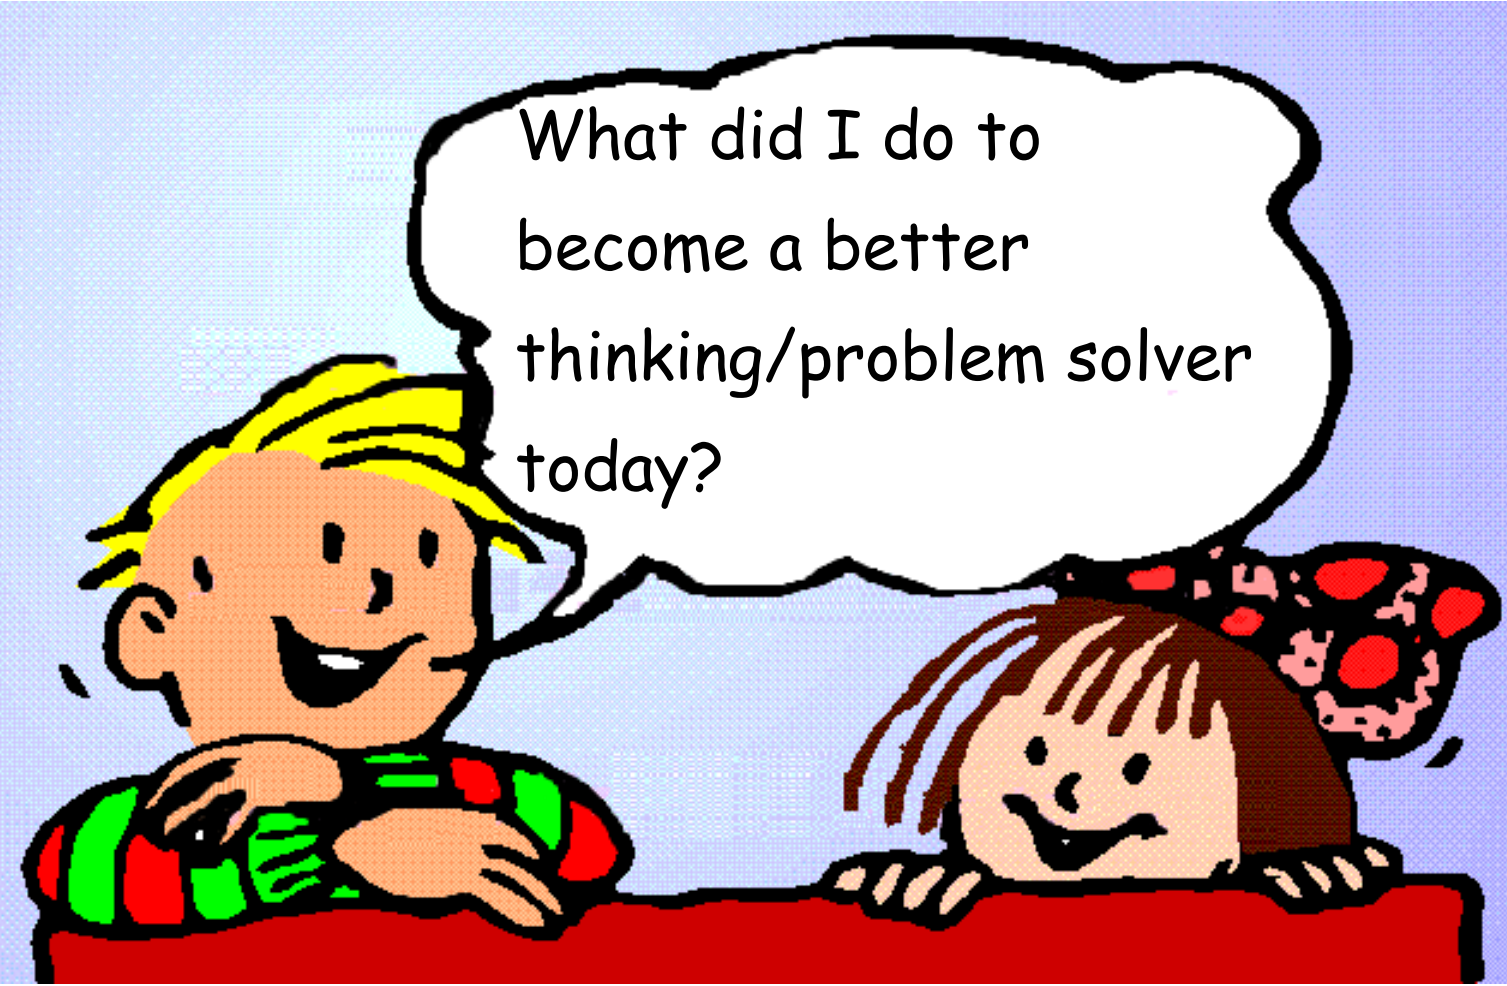

How did I represent  
or record what I  
learned?

What do I think we  
should change during  
math?

What math connections did I make today?

What did I do to become a better thinking/problem solver today?
