

Making up Tens for 2 players

you need:
~ 1-6 dice
~ counters

When it's your turn
Roll the dice and say the number.
Put that many counters on a grid.

Rules
~ Either player can use any grid
~ When it's your turn, you must put your counters all on one grid, not share them out
~ No more than 10 counters can go on a grid
~ If there isn't room to put your counters on a grid, you miss that turn
~ If you complete a grid, you win it. Write your name by it.

The end of the game
Go on until all the grids are won.
Who has most grids?
