

Get to 10

Roll a 10-sided 0-9 die.

Say the number out loud.

Subtract that number from a number on the board to "get to ten".

Cover the number on the board that you used.

First to get three of their colour counters in a row, wins!

11	12	16	13
19	15	10	19
13	18	12	11
14	17	15	18
17	10	14	16
