

# Making up Tens for 2 players

**you need:**  
~ 1-6 dice  
~ counters

## When it's your turn

Roll the dice and say the number.

Put that many counters on a grid.

## Rules

~ Either player can use any grid

~ When it's your turn, you must put your counters all on one grid, not share them out

~ No more than 10 counters can go on a grid

~ If there isn't room to put your counters on a grid, you miss that turn

~ If you complete a grid, you win it. Write your name by it.

## The end of the game

Go on until all the grids are won.

Who has most grids?
